

Community Needs Survey for Disaster Preparedness

A **community needs survey** for disaster preparedness assesses local resources, vulnerabilities, and priorities to enhance emergency response strategies. This survey enables effective planning by identifying critical gaps and community-specific concerns. Engaging residents ensures tailored solutions that improve resilience and safety during disasters.

Section 1: General Information

Community Name:

Contact Person:

Location/Area Covered:

Section 2: Disaster Risk Assessment

What natural disasters has your community experienced in the past? (Check all that apply):

- ☐ Flood
- ☐ Earthquake
- ☐ Typhoon
- ☐ Fire
- ☐ Others:

What are the major disaster-related concerns in your community?

Section 3: Resources and Capacities

What resources does your community have for disaster response? (e.g., shelters, first aid kits, trained personnel)

What are the most critical resource gaps?

Section 4: Community Engagement

Has your community participated in any disaster preparedness training or drills?

- ☐ Yes ☐ No

What suggestions do you have to improve community disaster preparedness?

Section 5: Additional Comments

Please share any additional comments or concerns:
