Customizable Rent Receipt Excel for Multiple Tenants

Manage your rental income efficiently with our **customizable rent receipt Excel** template designed for multiple tenants. This user-friendly tool allows you to generate professional receipts, track payments, and organize tenant information seamlessly. Perfect for landlords seeking accuracy and convenience in rent collection.

Key Features:

- Record rent payments for multiple tenants
- Automatic calculation of totals and balances
- Customizable fields for tenant & property details
- Printable receipt format for record-keeping
- Easily filter by month, tenant, or property

Sample Layout:

Date	Tenant Name	Property Address	Rent Amount	Paid (Yes/No)	Payment Method	Receipt #	Notes
2024-07-01	John Doe	123 Main St, Apt 2	$1,200	Yes	Bank Transfer	0001	July Rent
2024-07-02	Jane Smith	456 Oak Lane, Apt 5	$950	No		0002	Pending

How to Use:

1. Download the Excel template.
2. Enter property, tenant, and payment details as you receive rent.
3. Customize columns to match your specific requirements.
4. Print or email rent receipts to your tenants directly from Excel.
5. Use filters and sorting to track payment status easily.
