

# Demographic Questionnaire for Educational Assessment

A **demographic questionnaire** for educational assessment collects essential background information such as age, gender, ethnicity, and socioeconomic status to better understand student populations. This data helps educators tailor instruction and resources to meet diverse learning needs effectively. Accurate demographic insights ensure equitable educational opportunities and support targeted interventions.

## Personal Information

Age:

Gender:  Select...

Ethnicity:  Select...

Primary language spoken at home:

Country of birth:

## Socioeconomic Status

Highest level of parental/guardian education:  Select...

Household income (yearly):  Select...

Eligibility for free/reduced lunch:  Select...

## Additional Information

Do you have a recognized disability?  Select...

Do you receive any special educational support?  Select...
