

Environmental Assessment Form Sample for Mining Application

An **environmental assessment form** sample for mining application guides applicants in evaluating potential environmental impacts. This form ensures compliance with regulatory standards while promoting sustainable mining practices. It streamlines the review process by providing a clear framework for data collection and analysis.

1. Applicant Information

Company/Applicant Name	
Address	
Contact Person	
Telephone/Email	
Project Title	

2. Project Description

Location of Mining Site:

Brief Project Description: (include size, type of mineral, anticipated duration)

3. Environmental Setting

A. Land Use of Surrounding Area:

B. Sensitive Ecosystems Nearby (rivers, forests, habitats):

C. Current Land Condition (include photographs if available):

4. Environmental Impact Assessment

Potential Impact Area	Describe Expected Impact	Proposed Mitigation Measures
Air Quality	<div></div>	<div></div>

Water Resources		
Soil & Erosion		
Noise & Vibration		
Biodiversity		
Community Health & Safety		

5. Monitoring and Reporting Plan

Describe how environmental impacts will be monitored during and after mining:

6. Stakeholder Consultation

Summary of Community Engagement Activities:

List of Key Concerns Raised:

7. Declaration

I hereby certify that the information provided in this form is true and correct to the best of my knowledge.
