

# Project Timesheet Report by Employee and Project

The **Project timesheet report** provides detailed tracking of hours worked by each employee on specific projects. It helps managers monitor progress, ensure accurate billing, and optimize resource allocation. This report is essential for maintaining transparency and improving project efficiency.

| Employee Name | Project Name        | Date       | Hours Worked | Task Description    |
|---------------|---------------------|------------|--------------|---------------------|
| Alice Johnson | Website Redesign    | 2024-06-10 | 6.5          | UI Development      |
| Alice Johnson | Mobile App          | 2024-06-11 | 3.0          | Bug Fixing          |
| Michael Lee   | Website Redesign    | 2024-06-10 | 5.0          | Backend Integration |
