

Video Recording Consent Form Sample for Research Studies

A **video recording consent form** sample is essential for research studies to ensure participants agree to being recorded. It clearly outlines the purpose, use, and confidentiality of the video data collected. Using a standardized form helps maintain ethical standards and protect participant rights.

Sample Video Recording Consent Form

Participant Information

Full Name:

Date:

Consent Details

I, the undersigned, consent to being video recorded during my participation in the research study titled "**[Insert Study Title]**" conducted by **[Researcher/Institution]**.

- I understand the purpose of the video recording is for research only.
- My video data will be kept confidential and stored securely.
- The recordings will only be viewed and analyzed by authorized researchers.
- I may withdraw my consent at any time without penalty.
- I understand how the recordings will be used (e.g., analysis, publication, presentations).

Participant Consent

I have read and understood the information provided, and I give my consent to be video recorded.
