Replanting Conditions

- For every tree removed, a minimum of one (1) replacement tree must be planted.
- Replacement species must be approved by municipal arborists or relevant authorities.
- Replacement trees should measure at least 6' in height (for deciduous species) or 2" caliper (for coniferous species) at the time of planting.
- The applicant must provide proof of replanting within 90 days of removal approval.
- If replanting on site is not feasible, a contribution to the municipal reforestation fund is required.

I have read and agree to the above replanting conditions.
