

# Financial Statement Excel Template with Formulas

Our **financial statement Excel template with formulas** simplifies budgeting and financial analysis by automating calculations. Designed for accuracy and ease of use, it helps track income, expenses, and profits efficiently. This template is ideal for businesses and individuals seeking a reliable way to manage their financial data.

## Sample Excel Template Structure

Account	Category	Amount
Sales Revenue	Income	=SUM(B2:B10)
Cost of Goods Sold	Expense	=SUM(B12:B20)
<b>Gross Profit</b>		=B2-B3
Operating Expenses	Expense	=SUM(B22:B30)
<b>Net Profit</b>		=B4-B5

## Key Features

- Automated calculations using Excel formulas
- Track multiple income and expense sources
- Instantly view gross and net profit
- Easy customization for individual or business needs

## How to Use

1. Download and open the Excel template.
2. Input your revenue and expense data in the relevant sections.
3. Formulas will automatically calculate totals, gross profit, and net profit.
4. Review and adjust as necessary to suit your financial tracking requirements.

*Note: Formulas shown above use sample cell references. Adjust ranges as per your actual data layout.*
