

# Construction Site Safety Audit Log Form

This **construction site safety audit log form** sample provides a structured template to systematically record safety inspections and identify potential hazards. It helps ensure compliance with safety regulations and maintain a secure working environment. Regular use of this form promotes accountability and proactive risk management on construction sites.

| Site & Audit Information |                      |             |                      |
|--------------------------|----------------------|-------------|----------------------|
| Project Name:            | <input type="text"/> | Location:   | <input type="text"/> |
| Date:                    | <input type="text"/> | Auditor(s): | <input type="text"/> |
| Weather Conditions:      | <input type="text"/> |             |                      |

| Safety Audit Checklist |   |                      |                      |                      |                      |
|------------------------|---|----------------------|----------------------|----------------------|----------------------|
| #                      | Inspection Area/Activity  | Compliant (Yes/No)   | Findings/Issues      | Action Required      | Responsible Person   |
| 1                      | Housekeeping (cleanliness, debris removal, clear walkways)            | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| 2                      | PPE Compliance (helmets, gloves, safety shoes, vests, eye protection) | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| 3                      | Scaffolding (proper installation, access, guardrails)                 | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| 4                      | Fall Protection (harnesses, guardrails, anchors)                      | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| 5                      | Equipment Safety (machine guards, inspections, operator training)     | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| 6                      | Electrical Safety (cords, panels, lockout/tagout)                     | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| 7                      | Fire Extinguishers/Egress (accessibility, signage, maintenance)       | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| 8                      | Chemical Handling/Storage   | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| 9                      | Ladders & Elevated Work Platforms                                     | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |
| 10                     | Other (specify):<br><input type="text"/>                              | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |

| Corrective Actions & Follow Up |                      |                         |                      |
|--------------------------------|----------------------|-------------------------|----------------------|
| Date Identified:               | <input type="text"/> | Action Required:        | <input type="text"/> |
| Assigned To:                   | <input type="text"/> | Target Completion Date: | <input type="text"/> |
| Follow-up/Comments:            | <input type="text"/> |                         |                      |
