

# Parental Guardian Consent Form for Research Study

The **parental guardian consent form** sample for research study provides a clear and concise template to obtain necessary permissions for involving minors in research. It ensures ethical compliance by informing guardians about the study's purpose, procedures, and their child's rights. This form is essential for protecting participants and facilitating transparent communication between researchers and parents.

## Sample Parental Guardian Consent Form

Participant Information

Child's Name:

Date of Birth:

Parent/Guardian Information

Parent/Guardian Name:

Relationship to Participant:

Contact Number:

Study Information

Title of the Study:

[Insert Study Title]

Principal Investigator:

[Insert Name & Contact]

Purpose of Study:

[Brief Description]

Procedures:

[Describe what participation involves]

Risks and Benefits:

[Outline possible risks and benefits]

Confidentiality:

[Explain how data will be handled]

Voluntary Participation:

Participation is voluntary, and you may withdraw your child at any time without penalty.

Consent Statement

I have read and understood the information provided above. I voluntarily agree to allow my child to participate in this research study. I understand that I can withdraw my child from the study at any time without any negative consequences.

☐
