

# Research Consent Form: Educational Studies

Please read this form carefully. You are invited to participate in an educational research study. Your participation is voluntary, and you may withdraw at any time without penalty. This consent form describes the purpose, procedures, risks, and benefits of the study. If you choose to participate, please sign below.

## 1. Purpose of the Study

The purpose of this study is to explore factors influencing student learning outcomes and engagement in educational settings.

## 2. Procedures

If you agree to participate, you will be asked to complete questionnaires and/or participate in interviews related to your educational experiences. The estimated time required is approximately 45 minutes.

## 3. Risks and Benefits

Participation in this study involves minimal risk. There may be some discomfort in reflecting on your experiences, but no physical risks are involved. Findings from this study may contribute to improvements in educational practices.

## 4. Confidentiality

All information collected will remain confidential. Data will be coded to ensure your identity is not connected to your responses. Only the research team will have access to the data.

## 5. Voluntary Participation

Your participation is completely voluntary. You may refuse to answer any question or withdraw from the study at any time without penalty or loss of benefits.
