

# Voluntary vs Mandatory Seminar Attendance Survey

The **Voluntary vs mandatory seminar attendance survey** evaluates participant preferences and engagement between optional and required seminar attendance. This survey helps organizations understand the impact of attendance policies on attendee motivation and learning outcomes. Analyzing the results can guide improvements in seminar planning and participation rates.

## Sample Survey Questions

1. **How do you prefer seminars to be structured?**
  - ☐ Voluntary Attendance
  - ☐ Mandatory Attendance
  - ☐ No Preference
2. **How does making attendance mandatory affect your motivation to participate?**
  - ☐ Increases motivation
  - ☐ Decreases motivation
  - ☐ No substantial effect
3. **How likely are you to engage actively during a mandatory seminar compared to a voluntary one?**
  - ☐ More likely
  - ☐ Less likely
  - ☐ About the same
4. **Additional comments or suggestions:**
