

# Course Registration Survey Questions for College Students

Designing a **course registration survey** for college students helps institutions gather valuable insights on preferences, challenges, and scheduling needs. These questions enable colleges to optimize course offerings and improve the registration process. Collecting student feedback ensures a more efficient and satisfying enrollment experience.

## 1. Personal Information

What is your current year of study?

Freshman ▼

What is your major or program of study?

## 2. Course Preferences

Which factors are most important to you when selecting courses? (Select all that apply)

- ☐ Class time
- ☐ Professor/instructor
- ☐ Course content
- ☐ Delivery method (in-person/online)
- ☐ Number of credits
- ☐ Meets graduation requirements

What days and times do you prefer to have classes?

## 3. Registration Process Feedback

How would you rate your overall experience with the current course registration process?

Excellent ▼

What challenges have you experienced during course registration? (Select all that apply)

- ☐ System downtime
- ☐ Classes fill up too quickly
- ☐ Prerequisite issues
- ☐ Difficult website navigation
- ☐ Limited academic advising
- ☐ Lack of clear communication
- ☐ None of the above

In your opinion, how can the course registration process be improved?
